

ALERT: More rain brings the likelihood of flooding

**County of Monterey
County Communications &
Department of Emergency Management**

Are you Flood Ready?

Make and use an emergency plan

Talk with members of your household about what to do during a disaster. Plan how you would leave your home in the event of flooding. Set a meeting spot in case you are separated. Include those with special needs and pets.

Put your 3-day emergency kit together

Make an emergency kit with tools and supplies, non-perishable food and water. Visit [ready.gov/kit](https://www.ready.gov/kit) for more details.

Download disaster notification apps

Sign up for Monterey County's alert and warning system, [Alert Monterey County](#).

Know your flood risk

Living near creeks and rivers creates risk but there are many other dangers. Stay informed of emergency situations through emergency notifications, county/city websites and social media, television, radio and newspapers.

Protect your home from flood threats

Sand and sandbags are available for Monterey County residents in locations around the county. [County of Monterey Public Works Sand Stockpiles](#). Additional locations at Pajaro Park and Lewis/Salinas Roads

Keep debris and trash out of our streams

Report blockages like wood or debris to the Monterey County Water Resources after hours line at 831-796-1166.

Understand the many flooding risks - don't drive through standing water

Never walk or drive through flooded areas. Don't swim in flooded streams. Don't turn your back on the ocean.

Be aware. Be prepared. Take action.
