

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 1 STATE & FEDERAL FUNDING

A. PURPOSE

- A.1 The purpose of Monterey County SB91 Emergency Rental Assistance Program (MC ERAP) is to distribute funding to provide rental and utility assistance to low-income eligible households located in Monterey County that are facing housing instability because of loss or reduction in income due to the COVID-19 crisis. The County has partnered with United Way Monterey County (UWMC) to administer the funds on behalf of the County through a network of providers. This Workplan serves as MC ERAP’s program guidelines. UW MCERAP will maintain the workplan based on the most up to date Federal and State guidelines.
- A.2 UWMC will subcontract providers to process applications, collect documentation, and process payment while UWMC is providing technical support, use of software, and training. The list of funded providers is defined as a ‘Participating Agency’ and can be found on the SB 91 ERAP Participating Agencies document (Appendix A). Any potential applicant to the program is defined as ‘Applicant’ and could include landlords and individuals who are applying to benefit from this program.
- A.3 Participating agencies will utilize the Smart Referral Network (SRN) and as of January 17th, 2022, will utilize Neighborly Software to enroll applicants into the ERAP Program, process applications, and send payments to the identified recipients. UWMC will provide training on SRN/Neighborly, program requirements, duplicate prevention practices, prioritization of applications policy, and fraud prevention to ensure consistent treatment of applicants and to avoid duplication of applicant information and/or benefits received.

B. AUTHORITY

- B.1 On December 27, 2020, the Consolidated Appropriations Act (2021) (Pub.L. No. 116-260) was signed into law. Section 501 of Division N of the Act established the federal Emergency Rental Assistance Program (ERAP), and authorized the allocation of funds to states, units of local government, tribal communities, and territories.
- B.2 California Senate Bill No. 91 (January 2021) (SB 91) established the State of California’s program for administering and distributing rental assistance funds. SB 91 added Chapter 17 (commencing with Section 50897) to Part 2 of Division 31 of the Health and Safety Code. Health and Safety Code section 50897.1, subdivision (a)(1) authorizes the California Department of Housing and Community Development (HCD) to administer the funds in accordance with state and federal law.
- B.3 California Assembly Bill No. 832 (June 2021) expanded existing law that established the emergency rental assistance program, using funding made available pursuant to the federal Consolidated Appropriations Act, 2021 (CAA), administered by HCD. AB 832 specifies requirements for Round 1 and Round 2 of Emergency Rental Assistance funding. AB 832 establishes assistance for eligible households’ unpaid rent arrears incurred on or after April 1, 2020, at 100% of the eligible household’s monthly rent. This bill establishes assistance levels for

WORKPLAN – ROUND 1 STATE & FEDERAL FUNDING

prospective rent payments for eligible households be set at 100% of the eligible household's monthly rent. Landlords and tenants that were paid at an 80% or 25% reimbursement under SB 91 can be reimbursed the remaining balance of either 20% or 75% (effectively "topping off" relative prior limits) to reach AB 832's allowable reimbursement level of 100%.

- B.4 AB 832 (Section 1179.12.) requires each government rental assistance program to develop court coordination measures no later than September 15, 2021. These mechanisms include, but are not limited to, telephone or online access, through which landlords, tenants, and the court may do both of the following:
- a. Verify the status of an application for rental assistance based upon the property address and a unique application number.
 - b. Obtain copies of any determination on an application for rental assistance. A determination shall indicate all the following: the name of the tenant that is the subject of the application, the address of the property that is the subject of the application, and whether the application has been approved or denied. If the application has been approved, then the amount of the payment that has been approved and the period and type of rental debt to which the amount corresponds. If the application has been denied, **the reason for the denial, which shall be any of the following:** the tenant is ineligible for government rental assistance; the government rental assistance program no longer has sufficient funds to approve the application; or the application remained incomplete 15 days, excluding Saturdays, Sundays, and other judicial holidays, after it was initially submitted because of failure on the part of the tenant to provide required information.
- B.5 AB 832 extends eviction protections through March 30, 2022 for any applicant who applied before September 30, 2021. Subsequently, on March 31, 2022, the California legislature approved Assembly Bill (AB) 2179, **extending the state's eviction moratorium through June 30, 2022 for certain tenants who have applied for rental assistance on or before March 31, 2022.**
- a. AB 832 states: "If you failed to make rental payments due between March 1, 2020, and August 31, 2020, because you had decreased income or increased expenses due to the COVID-19 pandemic, as described above, you cannot be evicted based on this nonpayment."
 - b. AB832 states that it: "does not alter a city, county, or city and county's authority to extend, expand, renew, reenact, or newly adopt an ordinance that requires just cause for termination of a residential tenancy or amend existing ordinances that require just cause for termination of a residential tenancy, consistent with subdivision (g) of Section 1946.2, provided that a provision enacted or amended after August 19, 2020, shall not apply to rental payments that came due between March 1, 2020, and March 31, 2022."
 - c. Assembly Bill 2179 prevents landlords from evicting tenants who are still waiting to receive rental assistance, through June 30. To obtain a judgment for eviction (unlawful detainer) based on a demand for transition period or

recovery period rental debt, the landlord must have applied for emergency rental assistance prior to April 1, 2022. Or, neither the landlord nor the tenant submitted an application for emergency rental assistance to cover the unpaid rent amount owing prior to March 31, 2022. - C. DESCRIPTION** ERAP will assist low-income families adversely impacted or at risk of being homeless due to the COVID-19 crisis. The program utilizes the existing structure and network of UWMC’s 2-1-1 service to collaborate with community partners in the disbursement of \$28,531,223 State and Federal funding. All Monterey County residents can call 2-1-1 Monterey County System to inquire about rental assistance and eligibility for the ERAP program. Trained and certified call specialists will quickly assess applicant eligibility for the ERAP Program and if an applicant is eligible, the call specialist will provide an ERAP referral to a participating agency. If the caller does not qualify for ERAP assistance, the call specialist will refer the caller to the appropriate local service provider for rent and utility assistance relief.
- C.1 The MC ERA Program is funded through a combination of these federal and state funds. UWMC has received \$12,898,602.00 in federal funds and \$15,383,234.00 in state funds for a total allocation of \$28,281,836.00 to administer the ERAP program. More details can be found on MC ERAP Spending Projections Workplan (Appendix B).
- D. SCHEDULE**
- D.1 The program is scheduled to launch on March 15, 2021 and run until available funds are fully expended, not later than September 30, 2022
- D.2 The program will maintain specific expenditure benchmark dates throughout the course of the program term to meet “best effort” state and required federal spending deadlines. Benchmarks include:
- a. 65% of State block grant funding be obligated by June 1, 2021
 - b. 100% of State block grant funds is expended by September 30, 2022
 - c. 65% of Federal funds is obligated by September 30, 2021
 - d. 100% of Federal funds is expended by September 30, 2022
- E. PROCESS**
- E.1 Applicants can apply through UWMC’s online application on the UWMC website, with an agency directly, or through 211 to speak to a trained Call Specialist. In response to limited funding, MC ERAP began a waitlist on January 19, 2022, and instituted a prioritization policy. Once the program fully obligated state and federal funding, MC ERAP stopped taking new applications and requests for additional assistance on April 15, 2022.
- a. Per the prioritization policy effective on January 21st, 2022, the program is prioritizing rental arrears over future rent payments and utility payments.

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 1 STATE & FEDERAL FUNDING

- Those requesting future rent payments, or past due or future utilities will be placed on a waitlist and cannot be guaranteed funds.
- b. The program stopped accepting new applications and additional requests for assistance beginning April 15, 2022, due to having fully obligated funds.
 - c. Applications submitted after January 18th were placed on a waiting list and will be processed based on funding availability and prioritization policy.
 - d. To prioritize and ensure fairness, applicants who are unresponsive after three (3) attempts via phone or email or after 10 business days will be placed on our unresponsive list. Any application placed on this list cannot be guaranteed assistance. Please view our **prioritization policy on page 35**.
- E.2 211 Call Specialists screen applicants who are inquiring about rental assistance to determine eligibility for the ERAP Program. If determined eligible for the ERAP Program, 211 Call Specialists refer the applicant to the appropriate participating agency or jurisdiction through United Way’s Neighborly software. Participating Agency-trained staff receive the referrals through Neighborly and are responsible for accepting new applications and contacting the applicant to obtain required documents and to complete the rental assistance application. Applicants can provide documents when they apply through the online portal or can provide documentation to the Participating Agency via email, in person, fax, or mail demonstrating their eligibility by verifying their identity, residence, landlord-renter relationship, and the amount of rent and/or utilities owed. The eligibility requirement for Covid-19 Financial Distress is attested to by the applicant during the application process and no additional documentation is required.
- E.3 Landlords can apply on behalf of their tenant(s) through an online portal and will be contacted by a specific partner agency that is working only with landlord-initiated applications. Once landlords provide their information, tenants and landlords will be contacted and the same process applies regarding eligibility, required documentation, and prioritization of assistance. **Please note:** The program is no longer accepting new Landlord applications or requests for additional assistance as of April 15th, 2022. MC ERAP has fully obligated funds. All waitlisted applications submitted before April 15th, 2022 will be addressed pending funding availability.
- a. Per the prioritization policy effective on January 21st, 2022, the program is prioritizing rental arrears over future rent payments and utility payments. Those requesting future rent payments, or past due or future utilities will be placed on a waitlist and cannot be guaranteed funds.
 - b. The program stopped accepting new applications and additional requests for assistance beginning April 15, 2022, due to having fully obligated funds.
 - c. Applications submitted after January 18th were placed on a waiting list and will be processed based on funding availability and prioritization policy.
 - d. To prioritize and ensure fairness, applicants who are unresponsive after three (3) attempts via phone or email or after 10 business days will be placed

- on our unresponsive list. Any application placed on this list cannot be guaranteed assistance. Please view our **prioritization policy on page 35.**
- E.4 Participating agencies verify documents by checking for accurate and consistent information between landlord and tenant documents and by contacting the County Assessor’s office to confirm residence and landlord ownership. Verified documents are kept by the participating agency in a secure file which may be hard copy or digital and is to be made available to United Way upon request.
- E.5 To prevent duplication of an applicant file, each applicant is identified through their legal name, social security number, and date of birth. Duplicate applications can be identified by running a duplicate Social Security Number, Address or Phone Number report through Neighborly. Additionally, new applications with duplicate SSNs are flagged by the software so that reviewers can easily identify duplicates. All Participating Agencies are required to utilize Neighborly software to document applicant payment. Once an applicant has been referred to a Participating Agency, they cannot be paid by another agency, preventing them from receiving assistance twice. UWMC has also created a duplicate prevention policy for the Neighborly software, which are steps that each Participating Agency can take to prevent duplicate referrals. **Please view the duplicate prevention policy on page 38.**
- E.6 Participating agencies pay landlords and/or utility companies directly by issuing a check for the amount provided by landlord and tenant documents. If the landlord does not cooperate by providing necessary documentation within 21 days or three attempts for outreach, the Participating Agency may pay the tenant directly. For more information, please view the **landlord noncooperation procedure on page 36.** Participating agencies are required to make Smart Referrals to other relevant health and human services on behalf of residents, when applicable, using the SRN software. Participating Agencies will report all payments and applicant information via United Way’s Neighborly software, which provides reporting that aligns with all requirements associated with Consolidated Appropriations Act, SB91, and in the interpretive guidance and guidelines issued by the U.S. Treasury and the Department, respectively. **Notification: Participating Agencies must notify both tenant and landlords of benefits received, denials, or ineligibility findings.**
- E.7 **APPEALS PROCESS:** Tenants that are deemed ineligible for the program or believe they were treated unfairly during the application process can appeal by calling United Way Monterey County or by filling out an appeal form on the Monterey County Rent and Utility Assistance website. UWMC will process the form and review the appeal with a panel of UWMC and County of Monterey staff to determine whether the tenant is eligible or ineligible for the program. The appeals process can take 4-6 weeks for review. This timeline depends on tenant/landlord cooperation and lack of response can delay the process.
- E.8 **COURT COORDINATION PROCESS:** Tenants, landlords, and court representatives can check the status of an application by logging in at MCrenthelp.com. Applicants are assigned a unique case ID number, to check the application status

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 1 STATE & FEDERAL FUNDING

and to regulate privacy concerns for the applicant. Court representatives can call 2-1-1 and work with a call specialist to access application status for court coordination measures.

- E.9 **HOUSING STABILITY SERVICES:** Under ERA1, Emergency Rental Assistance Funds may be used to provide eligible households with case management and other services related to the Covid-19 pandemic, as defined by the Secretary, intended to keep households stably housed. Such services may include, among other things, eviction prevention and eviction diversion programs; mediation between landlords and tenants; housing counseling; fair housing counseling; housing navigators or promotoras that help households access ERA programs or find housing; case management related to housing stability; housing-related services for survivors of domestic abuse or human trafficking; legal services or attorney's fees related to eviction proceedings and maintaining housing stability; and specialized services for individuals with disabilities or seniors that support their ability to access or maintain housing. Grantees using ERA funds for housing stability services must maintain records regarding such services and the amount of funds provided to them.
- a. MC ERA Program utilizes housing stability services by providing system navigation services through a contract with a local organization, Mujeres de Accion. Mujeres de Accion deploys Community Health Workers into targeted communities to provide community outreach and program information and to assist existing applicants in compiling required documentation, understanding program guidelines, and assisting them through the process. Additionally, systems navigation and outreach/application support are provided through housing stability grants to Communities Organized for Relational Power and Action (COPA) and legal support/training is provided by a housing stabilization grant to the Watsonville Law Center.
 - b. Applicants on the waiting list are the focus of targeted outreach by Community Health Workers who will offer case management and referrals to services such as legal assistance, housing, and financial resources offered in the County. Access to these case workers is available for any ERAP recipient or current applicant by calling 211 or by visiting the United Way Monterey County Website. <https://www.unitedwaymcca.org/county-rent-and-utility>
- E.10 **REPORTING**
- a. UWMC will report the following to the State weekly: tenant/landlord applications received, total expended in direct assistance, total obligated in direct assistance, tenant/landlord applications processed, tenant/landlord applications paid

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

A. PURPOSE

- A.1 The purpose of Monterey County Emergency Rental Assistance Program (MC ERAP) is to distribute funding to provide rental and utility assistance to low-income eligible households located in Monterey County that are facing housing instability because of loss or reduction in income, directly or indirectly, during or due to the COVID-19 crisis. The County has partnered with United Way Monterey County (UWMC) to administer the funds on behalf of the County through a network of providers. This Workplan serves as MC ERAP's program guidelines. UW MCERAP will maintain the workplan based on the most up to date Federal and State guidelines.
- A.2 UWMC subcontracts providers to process applications, collect documentation, and process payment while UWMC is providing technical support, use of software, and training. The list of funded providers is defined as a 'Participating Agency' and can be found on the ERAP Participating Agencies document (Appendix A). Any potential applicant to the program is defined as 'Applicant' and could include landlords and individuals who are applying to benefit from this program. Participating agencies will utilize the Smart Referral Network (SRN) and as of January 17th, 2022, will utilize Neighborly Software to enroll applicants into the ERAP Program, process applications, and send payments to the identified recipients. UWMC will provide training on SRN/Neighborly, program requirements, duplicate prevention practices, prioritization of applications policy, and fraud prevention to ensure consistent treatment of applicants and to avoid duplication of applicant information and/or benefits received.

B. AUTHORITY

- B.1 The American Rescue Plan Act (March 2021) appropriate a second round of funding for the Emergency Rental Assistance Program resulting in an additional \$22,317,870 for the Monterey County Emergency Rental Assistance Program.
- B.2 **Round 1:** On December 27, 2020, the Consolidated Appropriations Act, 2021 (Pub.L. No. 116-260) (the Act) was signed into law. Section 501 of Division N of the Act established the federal Emergency Rental Assistance Program (ERAP), and authorized the allocation of funds to states, units of local government, tribal communities, and territories.
- a. California Senate Bill No. 91 (2021-2022 Reg. Sess) (SB 91) established the State of California's program for administering and distributing rental assistance funds. SB 91 added Chapter 17 (commencing with Section 50897) to Part 2 of Division 31 of the Health and Safety Code. Health and Safety Code section 50897.1, subdivision (a)(1) authorizes the California Department of Housing and Community Development (Department) to administer the funds in accordance with state and federal law.
 - b. California Assembly Bill No. 832 9) extended existing law that established the emergency rental assistance program, using funding made available pursuant to the federal Consolidated Appropriations Act, 2021

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

(Appropriations Act), administered by HCD. AB 832 specifies requirements for Round 1 and Round 2 funds, as defined. AB 832 sets the compensation for an eligible household's unpaid rental debt accumulated on or after April 1, 2020 at 100%. This bill requires funds be used to provide assistance for prospective rent payments for an eligible household to be set at 100% of the eligible household's monthly rent. Landlords and tenants that were paid at an 80% or 25% reimbursement will need to be reimbursed the remaining balance of 20% or 75% ("topped off") for complete reimbursement of 100%.

- c. AB 832 (Section 1179.12.) requires each government rental assistance program to develop court coordination measures no later than September 15, 2021. These mechanisms include, but are not limited to, telephone or online access, through which landlords, tenants, and the court may do both of the following:
 - i. Verify the status of an application for rental assistance based upon the property address and a unique application number.
 - ii. Obtain copies of any determination on an application for rental assistance. A determination shall indicate all of the following: the name of the tenant that is the subject of the application, the address of the property that is the subject of the application, and whether the application has been approved or denied. If the application has been approved, then the amount of the payment that has been approved and the period and type of rental debt to which the amount corresponds. If the application has been denied, the reason for the denial, which shall be any of the following: the tenant is ineligible for government rental assistance, the government rental assistance program no longer has sufficient funds to approve the application, or the application remained incomplete 15 days, excluding Saturdays, Sundays, and other judicial holidays, after it was initially submitted because of failure on the part of the tenant to provide required information.

B.3 **Round 2:** On March 11, 2021, the American Rescue Plan Act of 2021 (Section 3201 of the American Rescue Plan Act of 2021, Pub. L. No. 117-2) was enacted to provide funds directly to states, U.S. territories, local governments, and (in the case of ERA1) Indian tribes. Grantees use the funds to provide assistance to eligible households through existing or newly created rental assistance programs. The MC ERA2 Program is funded through a combination of these federal and state funds. UWMC has received \$10,196,112.00 in federal funds and \$12,088,005.00 in state funds for a total allocation of \$22,284,117 to administer the ERAP program. More details can be found on MC ERAP Spending Projections Workplan (ATTACHMENT).

I.10 AB 832 extends eviction protections through March 30, 2022, for any applicant who applied before September 30, 2021. Subsequently, on March 31, 2022, the California legislature approved Assembly Bill (AB) 2179, **extending the state's**

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

eviction moratorium through June 30, 2022 for certain tenants who have applied for rental assistance on or before March 31, 2022.

- a. AB 832 states: “If you failed to make rental payments due between March 1, 2020, and August 31, 2020, because you had decreased income or increased expenses due to the COVID-19 pandemic, as described above, you cannot be evicted based on this nonpayment.”
- b. AB 832 states that it: “does not alter a city, county, or city and county’s authority to extend, expand, renew, reenact, or newly adopt an ordinance that requires just cause for termination of a residential tenancy or amend existing ordinances that require just cause for termination of a residential tenancy, consistent with subdivision (g) of Section 1946.2, provided that a provision enacted or amended after August 19, 2020, shall not apply to rental payments that came due between March 1, 2020, and March 31, 2022.”
- c. Assembly Bill 2179 prevents landlords from evicting tenants who are still waiting to receive rental assistance, through June 30. To obtain a judgment for eviction (unlawful detainer) based on a demand for transition period or recovery period rental debt, the landlord must have applied for emergency rental assistance prior to April 1, 2022. Or, neither the landlord nor the tenant submitted an application for emergency rental assistance to cover the unpaid rent amount owing prior to March 31, 2022. C. DESCRIPTION

- C.1 MC ERA2 will assist low-income households that have qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly, or indirectly, to the coronavirus pandemic. The program utilizes the existing structure and network of UWMC’s 2-1-1 service to collaborate with community partners in the disbursement of \$22,284,117 of State and Federal funding. All Monterey County residents can call 2-1-1 Monterey County System to inquire about rental assistance and eligibility for the ERAP program. Trained and certified call specialists will quickly assess applicant eligibility for the ERAP Program and if an applicant is eligible, the call specialist will provide an ERAP referral to a participating agency. If the caller does not qualify for ERAP assistance, the call specialist will refer the caller to the appropriate local service provider for rent and utility assistance relief.

D. SCHEDULE

- D.1 The program launched on October 15, 2021, and run ***until available funds are fully expended***, not later than September 30, 2025.

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

- D.2 The program will maintain specific expenditure benchmark dates throughout the course of the program term to meet required state and federal spending deadlines. Benchmarks include:
- a. 75% obligation of first tranche ERA 2 state block grant by October 31, 2021
 - b. 50% obligation of total ERA 2 state block grant awarded by January 31, 2022
 - c. 50% obligation of total ERA 2 federal allocation of funds no later than March 31, 2022.
- D.3 **REALLOCATION OF FUNDS:** Recipient understands and agrees that any funds allocated by Treasury to Recipient that are not disbursed to Recipient in accordance with Section 3201(c)(2) as a subsequent payment will be reallocated by Treasury to other eligible recipients under Section 3201(e). Such reallocation of funds shall be made in the manner and by the date, which shall be no sooner than March 31, 2022, as may be set by Treasury. Recipient agrees to obligate at least fifty (50) percent of the total amount of funds allocated by Treasury to Recipient under Section 3201 to be eligible to receive reallocated funds under Section 3201(e).

E. PROCESS

- E.1 Applicants can apply through UWMC’s online application on the UWMC website, with an agency directly, or through 211 to speak to a trained Call Specialist. 211 Call Specialists screen applicants who are inquiring about rental assistance to determine eligibility for the ERAP Program. If determined eligible for the ERAP Program, 211 Call Specialists refer the applicant to the appropriate participating agency or jurisdiction through United Way’s Neighborly software. Participating Agency-trained staff receive the referrals through Neighborly and are responsible for accepting new applications and contacting the applicant to obtain required documents and to complete the rental assistance application. Applicants can provide documents when they apply through the online portal or can provide documentation to the Participating Agency via email, in person, fax, or mail demonstrating their eligibility by verifying their identity, residence, landlord-renter relationship, and the amount of rent and/or utilities owed. The eligibility requirement for Covid-19 Financial Distress is attested to by the applicant during the application process and no additional documentation is required.
- E.2 As of January 18, 2022, applicants seeking additional payments must reapply through the online portal.
- E.3 Landlords can apply on behalf of their tenant(s) through an online portal and will be contacted by a specific partner agency that is working only with landlord-initiated applications. Once landlords provide their information, tenants and landlords will be contacted and the same process applies regarding eligibility, required documentation, and prioritization of assistance. Per the prioritization policy effective on January 21st, 2022, the program is prioritizing rental arrears over future rent payments and utility payments. Those requesting future rent

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

- payments, or past due or future utilities will be placed on a waitlist and cannot be guaranteed funds. The program stopped accepting new applications after April 15th, 2022, due to limited funds. Applications submitted after January 18th were placed on a waiting list and will be processed based on funding availability and prioritization policy. Please view our prioritization policy on page 31.
- E.4 Applicants on the waitlist will be addressed as funds become available and as agencies work through list of applicants. To prioritize and ensure fairness, applicants who are unresponsive after three (3) attempts via phone or email or after 10 business days will be placed on our unresponsive list. Any application placed on this list cannot be guaranteed assistance.
- E.5 Landlord applications will no longer be accepted after April 15th, 2022.
- E.6 Please review our **prioritization policy on page 35**.
- E.7 Following State guidelines, accepted documentation includes, but is not limited to, a driver's license, employment identification card, IRS tax forms, such as 1099, 1040/1040A, W-2, recent paycheck stubs, current bank statements, lease agreement, rent due notices, and utility bills. The program accepted bank statements up until January 28th, 2022. After January 28th, 2022, bank statements are no longer accepted forms of income verification. Please view our **Income Verification Guidelines on Page 41**. Participating agencies verify documents by checking for accurate and consistent information between landlord and tenant documents and by contacting the County Assessor's office to confirm residence and landlord ownership. Verified documents are uploaded securely as 'files' into Neighborly, where both United Way Monterey County and the Participating Agency can view and edit documents and application status.
- E.8 To prevent duplication of an applicant file, each applicant is identified through their legal name, social security number, and date of birth. Duplicate applications can be identified by running a duplicate Social Security Number and/or address and/or Phone Number report through Neighborly. Our **duplicate policy can be found on page 38**. Additionally, new applications with duplicate SSNs are flagged by the software so that reviewers can easily identify duplicates. All Participating Agencies are required to utilize Neighborly software to document applicant payment. Once an applicant has been referred to a Participating Agency, they cannot be paid by another agency, preventing them from receiving assistance twice. UWMC has also created a duplicate prevention policy for the Neighborly software, which are steps that each Participating Agency can take to prevent duplicate referrals.
- E.9 Participating agencies pay landlords and/or utility companies directly by issuing a check for the amount provided by landlord and tenant documents. If the landlord does not cooperate by providing necessary documentation within 21 days or three attempts for outreach, the Participating Agency may pay the tenant directly. Participating agencies are required to make Smart Referrals to other relevant health and human services on behalf of residents, when applicable, using the SRN software. Participating Agencies will report all payments and applicant information via United Way's Neighborly software,

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

which provides reporting that aligns with all requirements associated with Consolidated Appropriations Act, SB91, and in the interpretive guidance and guidelines issued by the U.S. Treasury and the Department, respectively.

Notification: Participating Agencies must notify both tenant and landlords of benefits received, denials, or ineligibility findings.

- E.10 **APPEALS PROCESS:** Tenants that are deemed ineligible for the program or believe they were treated unfairly during the application process can fill out our appeals form on our Monterey County Rent and Utility Assistance website. UWMC will process the form and review the appeal with a panel of UWMC and County of Monterey Staff to determine whether the tenant is eligible or ineligible for the program. The appeals process can take 4-6 weeks for review. The process can take longer depending on the level of applicant or landlord engagement.
- E.11 **COURT COORDINATION PROCESS:** Tenants, landlords, and court representatives can check the status of an application by logging in at MCrenthelp.com. Applicants are assigned a unique case ID number, to check the application status and to regulate privacy concerns for the applicant. Court representatives can call 2-1-1 and work with a call specialist to access application status for court coordination measures.
- E.12 **HOUSING STABILITY SERVICES:** Under ERA2, Emergency Rental Assistance Funds may be used to provide eligible households with case management and other services intended to keep households stably housed. Such services do not have to be related to the Covid-19 pandemic and may include, among other things, eviction prevention and eviction diversion programs; mediation between landlords and tenants; housing counseling; fair housing counseling; housing navigators or promotoras that help households access ERA programs or find housing; case management related to housing stability; housing-related services for survivors of domestic abuse or human trafficking; legal services or attorney's fees related to eviction proceedings and maintaining housing stability; and specialized services for individuals with disabilities or seniors that support their ability to access or maintain housing. Grantees using ERA funds for housing stability services must maintain records regarding such services and the amount of funds provided to them.
- a. MC ERA Program utilizes housing stability services by providing system navigation services through a contract with a local organization, Mujeres de Accion. Mujeres de Accion deploys Community Health Workers into targeted communities to provide community outreach and program information and to assist existing as well as current applicants in compiling required documentation, understanding program guidelines, and assisting them through the process. Additionally, systems navigation and outreach/application support are provided through housing stability grants to Communities Organized for Relational Power and Action (COPA) and legal support/training is provided by a housing stabilization grant to the Watsonville Law Center.

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

- b. Applicants on the waiting list are the focus of targeted outreach by Community Health Workers who will offer case management and referrals to services such as legal assistance, housing, and financial resources offered in the County. Access to these case workers is available for any ERAP recipient or current applicant by calling 211 or by visiting the United Way Monterey County Website.

- g. When calculating income based upon a month of paystubs, the Participating Agency should make the assumption that the client will continue to be employed at the same rate through the end of the calendar year and calculate accordingly.
- h. For more information on income calculation, please view our ***income calculation procedure on page 41.***
- F.6 **SELF-ATTESTATION:** A grantee may rely on a written attestation without further documentation of household income from the applicant under three approaches:
- a. ***Self-attestation Alone*** – In order to provide assistance rapidly, during the public health emergency related to COVID-19 the grantee may rely on a self-attestation of household income without further verification if the applicant confirms in their application or other document that they are unable to provide documentation of their income. If a written attestation without further verification is relied on to document most the applicant’s income, the grantee must reassess the household’s income every three months, by obtaining appropriate documentation or a new self-attestation. Income attestations should specify the monthly or annual income claimed by the household to ensure that the household meets the applicable ERA requirements and to enable appropriate reporting. Under this approach, grantees are encouraged to incorporate self-attestation to demonstrate income eligibility into their application form.

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

WORKPLAN – ROUND 2 STATE & FEDERAL FUNDING

- i. Similarly, grantees may rely on self-attestations to demonstrate applicants' financial hardship and risk of homelessness or housing instability.
- b. *Categorical Eligibility* – If an applicant's household income has been verified to be at or below 80 percent of the area median income (for ERA1) or if an applicant's household has been verified as a low-income family as defined in section 3(b) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)) (for ERA2) in connection with another local, state, or federal government assistance program, grantees are permitted to rely on a determination letter from the government agency that verified the applicant's household income or status as a low-income family, provided that the determination for such program was made on or after January 1, 2020.
- c. *Fact-specific proxy* – A grantee may rely on a written attestation from the applicant as to household income if the grantee also uses any reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household's geographic area.
 - i. Grantees also have discretion to provide waivers or exceptions to this documentation requirement to accommodate disabilities, extenuating circumstances related to the pandemic, or a lack of technological access. In these cases, the grantee is still responsible for making the required determination regarding the applicant's household income and documenting that determination. Treasury encourages grantees to partner with state unemployment departments or entities that administer federal benefits with income requirements to assist with the verification process, consistent with applicable law. Loss of Income Criteria One or more individuals within the household has qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due, directly or indirectly, to the coronavirus pandemic. One or more individuals within the household can demonstrate a risk of experiencing homelessness or housing instability.

MONTEREY COUNTY EMERGENCY RENTAL ASSISTANCE

**United Way
Monterey County**

MCERAP Prioritization Policy

Due to limited funds, the Monterey County Emergency Rental Assistance Program has instituted a prioritization policy in order to ensure the assistance can be distributed as equitably and to as many households in need as possible. Please see below for details.

- For rent in arrears, the max number of months we can assist with is 12 (unless the tenant requires up to 18 to prevent eviction)
- For future rent, the max number of months we can assist with is 3
- For a hybrid of future/arrears, max number of months we can assist with is 15, only 3 of which can be future rent (or 18, ONLY if 15 are required to prevent eviction, 3 of which can be future rent)
- Prioritization criteria will utilize the following factors:
 - Household Income
 - Higher score using a 10-point scale = higher priority
- From the list of eligible applicants, we would prioritize households whose income is at or under 30% AMI > 50% AMI > 80% AMI
- In all cases, rental arrears are to be prioritized over future rent and over utility payments
- Due to limited funds, we can no longer assist with security deposits
- To prioritize and ensure fairness, applicants who are unresponsive after three (3) attempts via phone or email or after 10 business days will be placed on our unresponsive list. Any application placed on this list cannot be guaranteed assistance.

Point System

- Behind on rent (6 points)
- Behind on rent and received a pay or quit notice (2 points)
- Behind on rent and received an official eviction notice (2 points)
- Not behind on rent but currently facing housing instability (defined as inability to pay upcoming rent) (1 point)
- Currently unemployed (1 point)
- Household facing a crisis or special circumstance* (1 point)
- First time applicant (3 points)

*Special circumstances could include the following:

- single parent
- veteran
- disability
- other circumstances as defined by the assisting agency
- This policy is effective as of 1/21/2

Landlord non-cooperation/participation:

Jurisdictions should encourage tenants to initiate communication with their landlords, and to collaborate with their landlords on an application for rental assistance before they apply independently for rental assistance. For landlords that are unwilling to talk with and/provide necessary documents to their tenants, agencies are required to contact the landlord directly.

The Federal ERA program states grantees must make reasonable efforts to obtain the cooperation of landlords and utility providers to accept payments from the ERA program. Outreach will be considered complete if:

1. Request for participation is sent in writing, by mail, to the landlord or utility provider, and the addressee does not respond to the request within 14 calendar days after mailing.
2. The agency has made at least **three** attempts by phone, text, or e-mail over a 10 calendar-day period to request the landlord or utility provider's participation; or a landlord confirms in writing that the landlord does not wish to participate.
3. The final outreach attempt or notice to the landlord must be documented. The cost of contacting landlords would be an eligible administrative cost. Agencies must document multiple attempts at landlord engagement, including using all means of contact (emails, phone numbers, text messages, postal mail).

If the following occurs,

- A landlord/property manager is unwilling to provide basic name and contact information to the tenant after multiple attempts; and/or
- The landlord has refused to provide any documentation to the tenant or agency, yet has not stated that he or she does not want to participate; and/or
- The tenant has expressed fear of being evicted/penalized by the landlord/property manager if the agency reaches out to the landlord/property manager; and/or
- All attempts to verify property ownership by the agency have failed (because of lack of information provided, county assessor's office does not provide information, etc.)

In cases such as these, it is imperative that a tenant can provide additional evidence of rent owed, prior months' rent paid, monthly rent amount, lease terms, residence address, period of occupancy, or similar information that might mitigate the lack of landlord corroboration. The tenant will be required to prove identity, verification of income, verification of residency, and amount of rent owed to the best of his or her ability.

It is important the agency remains vigilant in identifying potential fraudulent claims as a reason for not supplying the required documentation or in collaborating with the landlord. If an agency has taken documented steps to include the legitimate and legal landlord, verify tenant information, and isolate fraud, then the agency should be able to assist the tenant directly. The Monterey County Rental Assistance program allows for the tenant to be paid 25% of the back rent owed between the dates of April 1, 2020 and March 31, 2021 and prospective rent between the dates of April 1, 2021 and December 31, 2021.

Neighborhood Duplicate Prevention Policy

Data will be migrated and auto assigned to agencies who were serving clients before.

After data migration is complete, agencies will prevent duplicates using the steps listed below.

Before assisting a client from the waitlist, agency program manager should do the following:

1. Run an AFWA report to check for duplicate SSN and Phone #. Clients with duplicate SSN or phone numbers will appear on this list. Search by client last name.
2. If the client shows up on the duplicate list, click on the application, and check to see if there is a duplicate that is being processed by another agency. If there is not, withdraw any duplicates and continue to the next step.
3. Do a quick search by the client address in the top right search bar to ensure no other duplicates exist.
4. Once these steps are complete, move forward with assigning the client to your agency.

How to withdraw a duplicate application:

- Click on the client name or search for the client by name, address, or case ID number in the top right search.
- This should bring you to a page with the application open, that says "Status"
- Change the client's status to "withdrawn"
- click the blue "update" button

United Way Monterey County SB91 ERAP Fraud Prevention and Recapture Policy

What is Fraud?

For purposes of this Policy, fraud is defined as the use of deception by an individual with the intention of obtaining an advantage for himself or herself or for a third party or parties, avoiding an obligation, or causing loss to another party. The term fraud is used to describe offences such as, but not limited to, misinformation, deception, bribery, forgery, misappropriation, false representation, and concealment of material facts.

Examples of Fraudulent Behavior in MC ERAP

- Providing forged documentation in order to receive assistance
- Applying for assistance using incorrect or false personal information
- Landlord or property manager providing incorrect amount(s) due
- Applying for assistance when a member of the same household has already received assistance.

Fraud Prevention

It is the responsibility of United Way Monterey County (UWMC) and its SB91 ERAP Grantees to make best efforts to prevent fraud. The Smart Referral Network (SRN) software has measures to prevent a participant from applying twice for the same program through creating a unique identifying number for each client based on name and birthday. The system is designed to prevent duplication of benefits and for this reason it is extremely important to enter data prior to making final eligibility determination. Many participants will be applying for assistance using our public facing application at MCRentHelp.com. Documents collected online must be verified by the Grantee and applicants should be vetted by an in-person or phone conversation to verify information on the documents provided. Additionally, due diligence should be taken to ensure that the applicant resides at the property provided, that the applicant's household members have not applied for assistance already, and that the amounts of rent provided by the property owner are correct.

Recapture

Should a MC ERAP Grantee discover that a participant or property owner has received assistance using fraudulent means, the agency is responsible for notifying UWMC of the incident and placing a Stop Payment on the check if the check has not yet cleared. Should the check already have been cleared, the Grantee shall do the following:

- Contact the landlord or property manager, provide them with information regarding the fraudulent activity, and request reimbursement
- If the landlord or property manager does not respond within twenty-one (21) days or refuses to provide reimbursement within ninety (90) days of the request, an affidavit must be filed with the bank to recapture the amount paid.
- The paperwork for the affidavit will be retained by the Grantee.
- Should the situation require, UWMC will refer the Grantee to the District Attorney's office to pursue legal action.
- Should the affidavit be refused by the bank, UWMC will request a written letter signed by the bank official(s) providing a reason for the refusal.

The grantee may request assistance with this process from UWMC staff.

Fraud Prevention Policy: Updates as of March 2022
General Fraud Prevention

Falsified information/Documents - we will deny any application where we believe there to be falsified information/documents.

This can include the following:

- documents that appear to be fraudulent
- Cannot verify information on the document
- Inconsistent documentation provided, and client is unable to answer to why the inconsistencies exist
- Client refuses to provide landlord contact information/household member information/other required information
- For all documentation collection, the agency should make 3 attempts in a 10-day period by phone, text, or email to collect corrected documents. If the documents are not collected in that time period, the application can be denied.
